

PLM METTA Healing Oasis

~“CONCIERGE THERAPY”

Serving the Greater Atlanta Area

When most people think about house calls by a doctor, they see it as a popular practice from the past. At METTA Healing Oasis (MHO), we place tremendous value on the doctor-patient relationship and understand that it may not be practical or possible for you to visit our office sometimes.

“Concierge Therapy” otherwise known as house calls performed by Dr. J can be arranged by calling 404-590-8156 or e-mailing AskDrJ08@gmail.com.

What are you equipped to do on a Concierge Visit?

Dr. J is fully prepared to do therapy, assessments, wellness consultations, a full mental health appraisal and a variety of other clinical services, if needed. By request, she can also do interventions or trainings on familial relationships such as, “Improving Father-Daughter Communication,” for an additional charge.

Who is getting Concierge Therapy?

Many people who are busy and cannot take the time to visit Dr. J’s office ask her to visit them at their home, office or shadow them if they are traveling. Many political figures, athletes, attorneys, entertainers and film executives with rigorous schedules appreciate the convenience and anonymity of a Concierge visit. In addition, many elderly patients who have a difficult time coming to the office appreciate receiving care in the comfort of their home or office.

How much does a Concierge Visit cost?

\$275/visit □ \$50/hour in transportation, billed in 15 minute increments. An additional charge may apply for certain assessments, counseling, interventions or specialty treatments provided.
